Joyce Cooling & Heating Plays Ball to Raise Over \$2,000 for the National Brain Tumor Society

Nashua, NH – Last month two well-known businesses in Southern New Hampshire, Joyce Cooling and Heating, Inc. of Nashua and Paradigm Plumbing of Manchester, joined forces to participate in a charity softball game. This annual event was sponsored by F.W. Webb Co., with proceeds going directly to the National Brain Tumor Society.

Joyce Cooling & Heating, Inc. was excited to participate in this charity softball game for the second year in a row. Joyce Cooling & Heating Owner, Tony Joyce, discussed the event, “This is a special day that my staff and I look forward to all year long. Not only does it bring out our sportsmanship, but we are also happy to be able to raise money to donate to a worthy organization in the National Brain Tumor Society.”

The day was much more than just a fun event, with the donations of both Joyce Cooling and Heating and Paradigm Plumbing, generously matched by F.W. Webb, for a grand total of over \$2,000 donated to the National Brain Tumor Society.

###

Joyce Cooling & Heating, Inc. offers comfort systems for homes and offices. The company sells, installs and repairs most brands of cooling and heating systems. Joyce Cooling & Heating Inc. can be contacted at 51 Lake Street, Nashua, NH
